

LISHA CHEN

morninglisha@gmail.com 202-436-6428 Bellevue, WA

UX Engineer with a background in Human-Computer Interaction, specializing in scalable, user-centered experiences across web and mobile platforms. Experienced in translating complex interaction concepts into accessible, production-quality interfaces using React and React Native. Passionate about interaction quality, rapid iteration, and bridging design and engineering.

EXPERIENCES

Software Engineer, full-time | **Warner Bros. Discovery (HBO Max)**, Bellevue, WA | 11/2021 - Current

Developed key cross-platform UI systems for HBO Max using React Native and React, focusing on accessibility, interaction quality, and scalable interfaces across web and mobile platforms.

Partnered with designers to translate complex interaction concepts into performant, production-quality interfaces used by millions of users.

Drove reusable design system components and resolved critical production issues impacting UX quality and platform stability.

Leveraged AI-assisted workflows to accelerate UX implementation, iteration, and frontend development processes.

Software Engineer, contract | **eBay**, Bellevue, WA | 09/2019 - 06/2021

Developed reusable React-based UI experiences and internal tooling that supported large-scale marketing and experimentation workflows across eBay surfaces.

Collaborated closely with designers, PMs, and backend engineers to rapidly iterate on user-facing experiences and interaction flows.

Built scalable frontend modules and data visualization interfaces supporting marketing experimentation and campaign analytics.

Mentored new engineers and contributed reusable UI patterns adopted across multiple teams.

UX Designer, contract | **John Deere**, Moline, IL | 12/2018 – 07/2019

Designed UX/UI solutions for embedded systems used in John Deere Combine products, collaborating across teams to improve usability for global customers.

Improved UI documentation workflows, increasing maintainability and cross-team efficiency.

EDUCATION

Master of Science in Human-Computer Interaction

Indiana University, School of Informatics, Indianapolis, IN 2016 - 2018

Bachelor of Business Administration in E-Commerce

Xiamen University, Xiamen, China 2011 - 2015
